

# WOOD SHOP FEE INCREASE

**\$40/month starting August 1 2026**

This change helps ensure we're future-proofed and able to continue offering services for a long time to come. Unfortunately we have to start preparing for a day when Ken isn't able to volunteer his countless hours of support.

While affordability will always remain a core focus at RVAC, we also need to make sure we're maintaining a safe, reliable, and high-quality environment for our community.

We haven't raised Woodshop fees in over 6 years, however the growing number of users means we need to take steps towards ongoing maintenance, improvements, and the long-term sustainability of the space.

Thank you for being part of the community and for your continued support.

# WOOD SHOP FEE INCREASE

**\$40/month starting August 1 2026**

## **CAN I BUY A YEARS WORTH OF WOODSHOP MONTHS AT THE CURRENT RATE?**

Unfortunately, no. The fee insrease is designed to help support the community woodshop.

## **WHAT ELSE IS GOING TO CHANGE?**

The short answer, we're not sure yet. We can see how busy the woodshop is lately and we don't see it slowing down anytime soon. We're brainstorming ways we can keep access affordable and fair. If you have ideas, comments, or concerns, please reach out!

## **CAN WE JUST CLONE KEN?**

I hope so. If anyone has the technology please reach out.
